

MST HSE Governance

Date: 24-05-2024

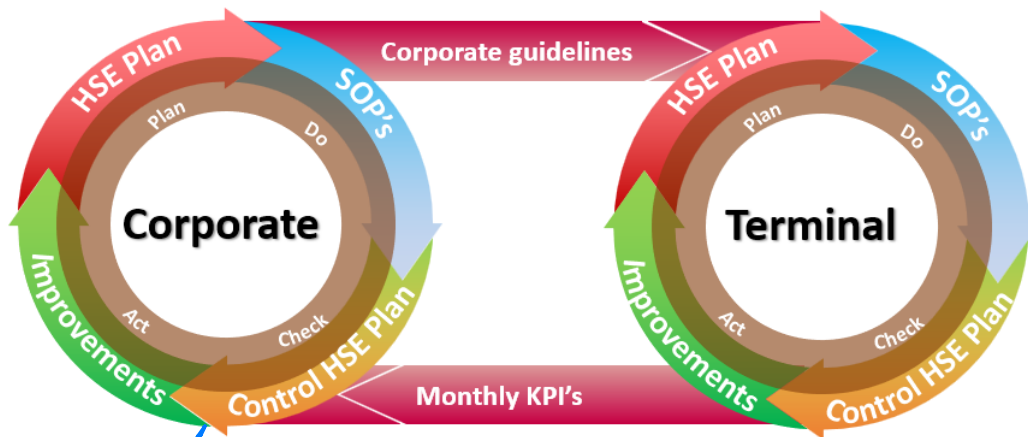

Muuga Storage Terminal (MST) has an on-going commitment to continuously protect people and the environment, whilst improving the quality of its services.

Ensuring good health, operational safety, environmental protection, quality enhancement, customer satisfaction and community well-being are always at the forefront of Muuga Storage Terminal mission.

To achieve this, Muuga Storage Terminal acts in accordance with the following principals:

- ✓ Identifying & analysing potential hazards and implementing measures to prevent, control and restrict the associated risks and minimize risks to people and environment during the entire life cycle of our assets;
- ✓ Seeks to provide a safe and healthy working environment for all (employees, contractors and third parties) with adequate facilities and appropriate protective equipment;
- ✓ Developing, building, maintaining, and operating our terminal in such manner to minimize risks to people and environment;
- ✓ Maximizing the reduction of emissions to land, water and air and limiting the usage of energy and water;
- ✓ MST is committed to ensuring ongoing compliance with all applicable rules, laws and regulations;
- ✓ MST is committed to conducting business with high standards relating to health, safety and the environment;
- ✓ MST commits to measure, record and review the company's performance in terms of its Health, Safety and Environmental metrics; and use that information to guide its future efforts to achieve continuous improvements;
- ✓ Providing training and education to all employees supported by international standards and best practices.
- ✓ Ensuring total preparation for a quick and efficient response to emergency situations at all times, minimizing the potential impact of incidents should they occur.
- ✓ Promoting HSE management in MST, acting professional and leading by example.
- ✓ Ensuring employees and external parties at the terminal work together in a safe and environmentally friendly manner and are aware of potential unsafe actions or situations (by assessing TRAs for contractor's work, briefing terminal employees and contractors on terminal risks during safety inducting, and conducting risk analyses due MOCs).

Execution of the HSE governance and all related activities is the responsibility of all MST employees.
